We also have a private client department which can service all your personal financial planning and insurance needs including life and income protection.

Austbrokers Phillips is a member of the Austbrokers national network which consists of 41 businesses and more than 1,300 employees over 90 locations Australia wide. We are significant contributors to the combined network turnover of around \$1.3 billion in General Insurance premiums, placing the 'Australian owned' group as one of the 4 top broking operations within Australia.
